

# "QUALITY RECRUITMENT THROUGH PACKAGING BRAINS"

It is crucial to understand the profile or company's requirement first rather than just applying blindly for a generic packaging job (this is true especially for a fresher). On the same terms, judging a candidate that suits a particular job is very important. However both are challenging and have their own restrictions

To comprehend the issues of jobs and mentoring, a small analysis was done by Packaging Connections team and it is comprehended that it is difficult to find right job and at the same time it is equally difficult to find the right candidate
