

Messe Muenchen India develops its own online platform to reconnect exhibitors and visitors worldwide.

Messe Muenchen India answers the predicament of business networking and visitor engagement amidst the COVID-19 pandemic with a singular, online exhibition and conference platform for the exhibitors and visitors of analytica Anacon India & India Lab Expo, drink technology India, electronica India and productronica India, IFAT India, LASER World Of PHOTONICS INDIA, MatDispens, Pharma Pro&Pack Expo, PackMach Asia Expo, World Tea & Coffee Expo and The Smarter-E.

The unique online expo designed and managed in-house by Messe Muenchen India will offer a streamlined exhibiting experience to global customers while protecting data and providing a real-time dashboard view to exhibitors on their engagement with buyers. The platform will not only enable cross-selling products and services but it will also maximize the audience reach as well as return on investment.

The extensive trade fair portfolio offered by Messe Muenchen India will be accessible globally allowing international engagement by exhibitors and visitors in all time zones.

“The idea is to keep the flow of communication unrestricted while the convenience and speed of b2b engagement remain quick and seamless. The newly developed platform will offer constructive solutions for networking and brand engagement. With the online expo we aim to provide a stage for year-round visitor and exhibitor activities to foster business relationships, to connect, interact and transact”, commented Mr. Bhupinder Singh, CEO, Messe Muenchen India.

Messe Muenchen India’s online expo will be held from 9th to 11th December 2020. It will showcase an extensive range of products and services covering wide segment reach into electronics, laser, pharma, research, packaging, renewable energy, environment solutions, beverage, tea and coffee at the following trade fairs along with engaging webinars, panel discussions as well as the Buyer-Seller Forum.
